Drivers: All students must be seatbelted before leaving, drive to Ford Island entrance to bridge, and follow road around to get near buildings and then turn left and then right. We are in Bldg. #39. Park nearby. Stay with students until we're all there. As a group, adult helpers and students will enter the Bldg. quietly and in single file...waiting till they tell us to proceed upward. The students all have tables assigned. Helpers will stay at door area to begin.

Return: Meet in parking area right after 1:30 PM. Secure students and head back to school. No stopping for refreshments! Stay on bleachers until I am there and then we go up to class. Mahalo.
