

KING JOHN

By William Shakespeare

Synopsis

A weak leader, an unpopular war, a divided country ...

John, to secure his title to the throne of England, launches a war against the French who have allied themselves with his boy-rival, Arthur. But John's own allies turn against him when they suspect him of plotting assassination.

Shakespeare personalizes the themes of loyalty, legitimacy and patriotism in confrontations between mothers, sons and friends in a play packed with action and surprising touches of humor. Featuring original music by Damned Spot Drums.

- **Not suitable for all children. Speak to Todd Coolidge for more details.**

The ARTS at Marks Garage, 1159 Nu`uanu Ave. on the corner of Nu`uanu and Pauahi, one block south of Beretania near the historic Hawaii Theatre.
